FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal alters the criteria the Department of Elementary and Secondary Education employs for designating a school, or school district, as "priority". Currently, one such criterion is school districts or school attendance centers that do not meet any of the accreditation standards on student performance established by the State Board of Education based upon the statewide assessment system (Section 160.510, RSMO). This proposal alters that standard to school districts or school attendance centers that do not meet any of the performance criteria established by the State Board of Education for the Missouri school improvement

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
